Thanks so much for this introduction, Jeff.

Christi - Dan Halden with CD13 / Heart of Hollywood is also passionate about lighting and is partnering with us to advance more lighting projects along Hollywood Blvd. We look forward to learning more about what you've already studied!

Best,

Kris

Subject: Lighting on the Boulevard

Christi, I mentioned to Kris Larson, new Ent BID Pres/CEO, the work the Trust did in the past on the subject of lighting along Hollywood Boulevard. He and Rich Sarian of the BID have been working on a Cahuenga corridor lighting project, and I think it would be good to get together and share info, in particular the study you had an intern do awhile ago on some of the infrastructure issues and the like.

Can you send us all a copy of that study and let us know some dates to get together briefly so we know what they are learning via Cahuenga and what we learned earlier about Hollywood Boulevard? Definitely a project worth of collaboration and the BID has made some real progress already.

Jeff, Christi - this is fantastic. Truth be told I was not aware that a study had been done, but I'd be eager to digest it with you all.

Lighting is a priority for us. I look forward to collaborating on this.
